"Biocop TF has been fantastic here in the Caribbean. It was applied last August in Newport, RI. Had my bottom cleaned four times since November and the divers report that it looks like new underneath. Great Stuff!"

Bob Beltrano
Owner of Nai’a

"I own an underwater boat cleaning company on the FL Gulf coast and have seen literally thousands of boats underwater. I recommend Sea Hawk over all antifouling paints anytime my customers ask. We have been in business since 2002. I consistently see excellent antifouling from Sea Hawk Paints, and boat owners are often able to go a longer time between repainting because of the way it holds up over time."
